## PUBLIC INVOLVEMENT MEETING BELLAMAH AVENUE EXTENSION

Timothy M. Keller, Mayor

The City of Albuquerque Department of Municipal Development is currently designing improvements to Bellamah Avenue from 12th Street to the Sawmill Village. The project addresses pedestrian and vehicular needs within the corridor. Primary elements of the roadway design include connection of the Sawmill Village to 12th Street, construction of pedestrian and bicyclist facilities, reconstruction of the roadway pavement, drainage improvements, addition of street lighting, right-of-way acquisitions, and utility relocations. This upcoming meeting will inform the community regarding the conceptual design elements and solicit feedback on the layout of these proposed improvements.
